Art Unit: 2831

DETAILED ACTION

Election/Restrictions

- 1. Claims 1-19 are directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(B).
- 2. The restriction requirement as set forth in the Office action mailed on 6/19/06 is hereby withdrawn. In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claims including all the limitations of an allowable product claim or rejoined process claim are presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Allowable Subject Matter

- 3. Claims 1-19 are allowed.
- 4. The following is an examiner's statement of reasons for allowance:

Re claims 1, 3, 4, 5, 7-19, prior arts do not teach or suggest the combination of a device or method wherein a width of the ceiling plate section in a front-rear direction is sized greater than or equal to twice a harmonic mean of a length L of the ceiling plate section in a horizontal direction between the opposed side plate sections and a height of the ceiling plate section in a vertical direction above the mounting substrate.

Re claims 2 and 6, prior arts do not teach or suggest the combination of a device wherein a width of the ceiling plate section in a front-rear direction is sized greater than or equal to twice a harmonic mean of a length L of the openings in a horizontal direction between the opposed side plate sections and a height of the ceiling plate section in a vertical direction above the mounting substrate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

5. Applicant's arguments and amendments filed 7/19/06 have been fully considered and finds the argument along with the amendments to the claim persuasive.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jinhee J. Lee whose telephone number is 571-272-1977. The examiner can normally be reached on M, T, Th and F at 6:30AM-5PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Dean A. Reichard can be reached on 571-272-2800 ext. 31. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
